QUANTUM ALLIANCE COMMUNITY EVENT

A networking event for the quantum science community in Germany

Take the opportunity to get an overview of the broad scope of quantum research in Germany. Interact with PhD students and postdocs from other quantum research clusters and centers.

The program includes short introductions of the Quantum Alliance clusters and centers, poster sessions and networking slots.

Register online at <https://eveeno.com/quantum-alliance-community>

Registration deadline is Oct 20.

**networking event for
postdocs and PhDs in
quantum science**

**online using a
convenient virtual
conference
environment**

poster slam sessions

speed-networking

**meet peers from
7 different research
centers and clusters
of excellence**

**QUANTUM
ALLIANCE**

The Quantum Alliance is a consortium of German Clusters of Excellence and research centers working in quantum science and technology.
